

WHAT WOULD YOU DO?

This game is suitable for the formation of logical thinking and the development of basic word formation

Description: Players sit in a circle. The game is managed by a player with a sufficient knowledge of nouns. The leader asks the question: "What would you do if you were...?" and quickly points to one of the players. The player must choose the correct letters from a stack and write an answer on a friend's T-shirt; this answer must contain a verb with the first letter identical with that of the name of a creature, object or person mentioned in the question.

For example: **chicken** – cackle, **snake** – speed up, **horse** – hurdle.
Players are out after achieving the corresponding number of points.

Other games can be found on the printed leaflet supplied with VESELÉ TRIČKO. You can also write to info@veselatricka.cz
